Intriguing. So far the women are stronger, smarter, and more appealing than the man.

Even Monique. Yeah, she's a screaming asshole bitch, but it sounds like she was true to character. This pathetic wimp you are characterizing was stupid about more than his choice of customers. I will continue reading if it stays interesting. But if it just turns into a fuck fest with little sister then that is too lame and predictable to stay here and watch. Weak timid men are too depressing to waste time on, especially reading time.

Great Start!

This looks to be a very good story. I'll be watching for more. The dialogue is wonderful and I just don't understand the previous person's comment about weak men. The brother doesn't seem weak to me. Some people's children! Just delightful so far.

Very Entertaining Fun Story.

This is going to be a good series if the next chapters are this entertaining. Thanks for sharing.

Five stars? Not enough

Good beginning, well crafted, flowing nicely enough to keep me reading. So what if the flow of juices is delayed a little? Travel hopefully and all that. Would have commented with my id but i seem to have

lost my password.

Very well written and engaging novelette

Novel Starts off slowly to set up the premise and characters but drew me in after a couple of chapters. Now I check the new listings for this category every day, hoping the next chapter has been uploaded. Just read chapter 19 and can't wait for the next one. Rondudderie, keep them coming, please.

Don't be scared of the slow start...

I decided to give it 5 chapters and, while this is most certainly a 'slow burn' type of tale, the prose, style and characters make this a Real Story, definitely worth taking your time to enjoy.
5*'s throughout!

144 Stars

I have now read all 29 chapters (290 pages / 197,000 words) and I can happily say 'what a fun ride.' Yes there were some editing errors but when measured against the total talent displayed and entertainment provided they shrink to insignificance.

Ron Thank you for the laughter

PS: $29 \times 5 = 145 - 1 = 144$ because nothing is perfect.
